

Comparing Length

Laminate and cut out the socks. Make a washing line for the children to use pegs to hang up and order the socks.

Key questions

- Which sock is the longest/ shortest?
- Can you put the socks in order of length, from the shortest to longest (and vice versa)?
- Which socks are longer than the green one?
- How many socks are shorter than the purple one?
- Which sock is longer than the yellow one but shorter than the purple one?
